IT'S TIME TO TAKE A FRESH LOOK AT YOUR BUSINESS

TelTerra Communications, LLC is a Sales,

Marketing, and Service company focused on providing Telemanagement & IT Services.

Our core specialty is in cost management solutions and services for small and medium size businesses. Our primary business is telecom and datacom (IT) expense reduction through analysis, auditing, consulting and ultimately providing a broad range of service options along with design and hardware solutions for today's business needs.

Telecom and datacom are major expenses for most businesses. We provide a complete range of service solutions focused on increasing productivity and controlling expenses; while at the same time optimizing investment in your telecom/datacom infrastructure.

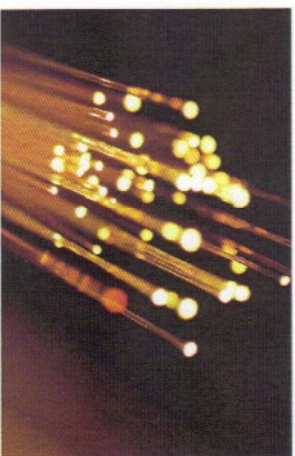

Saving our clients money on services and hardware is at the core of what we do! Our Management Team is committed to excellent customer service and building long-term relationships with our clients.

BUSINESS CLASS PHONE

TelTerra Communications can provide your business with scalable, reliable and cost-effective telephone services. We understand that every business has unique needs and we realize your business starts with the telephone. With our various facilities-based Tier One carrier partners, we can seamlessly integrate multi-vendor telecom hardware and business class voice services to insure delivery of World Class solutions at affordable prices.

HIGH SPEED INTERNET

The Internet has become an integral part of any business so fast, secure and reliable connections are expected. Ask us about our extensive fiber optic network designed to deliver optimal performance at manageable costs.

HARDWARE SOLUTIONS

TelTerra helps make Voice Communications simple and powerful allowing you to improve communications with your customers, partners and employees.

Our phone systems are designed and engineered to meet the needs of small, midsize and large organizations. Let us show you how we can merge advanced voice and data communications technology with business process understanding to enhance customer service, increase productivity and adapt to strategic business change. New and refurbished systems available at great prices!

PC SALES & SERVICE

Our trained and certified PC technicians can help make sure your desktop computers and networks are up and running to maximum efficiency. In the market for new PC's or Server ? Check out our new Acer line of computers or our budget conscious refurbished Dell PC's. The choice is yours, either way we'll be there to install and support them.

Serving businesses for over 25 years!
